Kettlefoot Five Stand is a type of shotgun sport shooting similar to Sporting Clays, Trap and Skeet. There are five stations or stands, and six to eight strategically placed clay target throwers. No two five-stands are exactly alike. Participants shoot in turn at various combinations of clay birds. Each station will have a menu card that lets the shooter know the sequence of clay birds he or she will be shooting at (ie. which clay target thrower the clay bird will be coming from). Five Stand is a great way to get a Sporting Clays "like" experience in a small amount of space with very little walking
